# Workshop Discussion

## Assuming a Country has a NSDI:

1. What is Spatially Enabling Government?
2. Is SEG a reality?
3. What is the relationship between SEG and e-Government/ICT strategies?
4. Does SEG require a national approach?
5. Does the NSDI strategy have to change to deliver SEG?
6. What is the relationship between SDI and Land Administration in the context of SEG?
7. What are the key steps to implement SEG?
8. **The next steps for PCGIAP?**
